

Philip's Ministry Update – Orphanage Project

I just want share my heart and give you an update of our ministry and ask for you to pray.

We plan to accommodate more than 36 orphans in this compound. Work is going slowly; we can not pay labor fee, so that we are building without outside labour but close friends and Church members come as volunteers. We are in debt already. As the Lord tell me to do this ministry; I do believe that what God started God will finish. We still need to do painting, electric line, water line, doors, windows and rail. Please do pray for finish building.
